Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's presentative has provided an argument to show that the method steps are not inherent to the components of the device; however, even if not inherent, the limitation of "curing a sealing material" would have been obvious to one skilled in the LCD art. Accordingly, the rejection to the method claims stand.

(A fuller description, if necessary, and a copy of the amendments which the examiner agreed would render the claims allowable, if available, must be attached. Also, where no copy of the amendments that would render the claims allowable is available, a summary thereof must be attached.)
